From the Desk of the Marketing Manager

I'll start by saying just how much we appreciate your loyal support of our publication over the past 67 editions. Our product offering has grown tremendously over that time, and we offer a wider range than ever in each publication, not to mention the fantastic giveaways on offer from our suppliers.

For Motion to truly stand by our sustainability statement, we're constantly looking at ways to reduce our carbon footprint, which includes the printing of the NZ Workbench publications.

A recent survey sent to all our loyal subscribers showed that the majority prefer an electronic copy with links to the products on our website. With this in mind we have made the decision to reduce our print run and distribute electronic copies to all our subscribers. If you prefer a printed copy, let me know and we'll make sure you receive one. **Printed copies will still be available at all our branches for you to grab.**

To be added to the digital mailing list or simply to share your thoughts and interests regarding the NZ Workbench, please contact us at NZ.marketing@motionasiapac.com

WORDFIND COMPETITION

Find hidden in this issue 14 letters which make up the name of a common tool. Find all the letters (*like this W*) to spell the tool. Email your answer, name, company, address and phone by **1 September 2024**. A correct entry will be randomly drawn and the winner will be notified.

competition.nzworkbench@saecowilson.co.nz

WIN a CRC Dart Board Supplied by CRC worth \$229 RRP

Congratulations to Bevan Worthington from Auckland Drum Sustainability, winner of the issue 65 March/April front page competition who won a Powerbuilt Air Compressor worth \$289 RRP.

Congratulations Wendy Neame from Al Fresco Garden and Property Maintenance Limited, Nelson, our Wordfind winner of the May/June issue, who won a pair of JBL Noise Cancelling Headphones supplied by SAECOWilson worth \$349 RRP.
The answer was TRYSQUARE

WORDFIND AND FRONT PAGE COMPETITION TERMS

One entry per person (Wordfind) or one entry per invoice (Cover Competition). NZWB reserves the right to publish the winner's name. Competition is not open for employees, advertisers or their families. Prizes are not transferable and cannot be redeemed for cash. Any expenses incurred in claiming and using a prize are the sole responsibility of the prize winner. Competition is open to NZ residents only. The judge's decision will be final and no correspondence will be entered into. The winner will be contacted via phone number provided.

A CRC SMARTWASHER® Bioremediating Parts Washing System delivers exceptional cleaning without any of the health risks associated with solvent and aqueous-based parts washers. It's safer for you and for the environment.

MMA160 10A Inverter Stick Welder

\$390.00

- 160A inverter Stick welder
- Automatic hot start, arc force and anti-stick
- Selectable VRD for added safety
- DC Lift-TIG (optional torch) for mild and stainless steel
- 10A domestic plug

BONUS ARCOBLACK Welding Helmet worth \$85

ARCOMMA160B • \$448.50 inc gst

MMA200 15A Inverter Stick Welder

\$489.00

- 200A inverter Stick welder
- Single phase with 15A plug
- Automatic hot start, arc force and anti-stick
- DC Lift-TIG with optional TIG torch

BONUS ARCOBLACK Welding Helmet worth \$85

ARCOMMA200B • \$562.35 inc gst

MIG200 3-in-1 Inverter Welder VRD Select

\$698.00

- 200A 3-in-1 multi-process welder
- Synergic and manual MIG
- Stick welding with selectable VRD
- DC Lift-TIG (optional torch) for mild and stainless steel
- LED digital screen
- 10A domestic plug

BONUS ARCOBLACK Welding Helmet worth \$85

ARCOMIG200B • \$802.70 inc gst

3-in-1 220A Multi-Process Welder

\$1,785.00

- 220A Stick, MIG and Lift-TIG welder
- Fits 5kg and 15kg spools
- Single phase with 15A plug
- Includes electrode holder, MIG torch, regulator and more

BONUS ARCOBLUE Welding Helmet worth \$120

ARCOMULTIMIG220B • \$2,052.75 inc gst

MIG350 Inverter MIG - Stick - TIG 3-in-1 Welder

\$4,798.00

- 350A 3-in-1 multi-process welder with separate wire feeder
- Stick and Lift-TIG function
- Three-phase 20A supply
- Supplied with electrode holder, MIG torch, regulator and more

BONUS ARCOBLUE Welding Helmet worth \$120

ARCOTIG350SWFB • \$5,517.70 inc gst

TIG200 AC/DC HF Inverter Welder

\$1,999.00

- Adjustable pulse frequency and width
- High frequency or Lift-TIG arc starting
- MMA with adjustable hot start and arc force
- Variable amp torch included
- Single phase with 15A plug

BONUS ARCOBLUE Welding Helmet worth \$120

ARCOTIG200ACDCHFB • \$2,298.85 inc gst

4-in-1 200A AC/DC Multi-Process Welder

\$2,495.00

- 200A AC/DC, HF TIG, Stick and synergic MIG welding
- Complete arc, pulse, frequency and gas control
- 1kg and 5kg spool capacity
- Includes electrode holder, MIG and TIG torches, regulator and more
- Single phase with 15A plug

BONUS ARCOBLUE Welding Helmet worth \$120

ARCOMIG2004IN1B • \$2,869.25 inc gst

Mild Steel MIG Wire 5kg and 15kg Spools

- Available in 5kg spools for compact and portable MIG machines or 15kg spools for workshop use and large scale fabrication
- Ideal for fabrication of thin gauge steels, general steel construction and fabrication of structural steel
- ER70S-6 classification

Flux Core MIG Wire Q71Ti 1.2mm 15kg

\$107.00

- Suitable for butt and fillet welding of hulls, storage tanks, steel structures and bridges
- Rutile flux cored wire with fast freezing slag
- Excellent welding characteristics in all positions
- For use with CO₂ shielding gas
- Easy slag removability with low spatter level
- Smooth and well-shaped beads

BOHQ71T1C021.2 • \$123.05 inc gst

150A HF TIG Welder Kit

\$2,795.00

- Smallest DC pulsed TIG machine on the market and certainly punches above its weight
- High frequency ignition
- Single phase with 15A plug
- Lightweight at just 3.9kg
- Everything you need for TIG welding in a suitcase

BONUS Bohler Evolution Vision^{65F} Flip Up Helmet worth \$565

URANOS1500TLHB • \$3,214.25 inc gst

Fox S OHV GP Electrodes 5kg

\$42.80

- Rutile-cellulosic coated electrode with good weldability in all positions
- E6013 classification for general purpose use
- Ideal for small welding machines, with very good operating characteristics
- Versatile applications in structural welding, vehicle construction, shipbuilding, boilers and tank welding

BOH6013OHV2.5 2.5mm • \$49.22 inc gst
BOH6013OHV3.2 3.2mm • \$49.22 inc gst
BOH6013OHV4.0 4.0mm • \$49.22 inc gst

Anti-Spatter Spray 400ml

\$14.90

- Prevents spatter on workpieces and welding torches
- Unique formulation and viscosity means it offers exceptional adhesion to metal surfaces
- 360° valve - can be applied in all positions
- Non-flammable
- No residue
- Biodegradable

BOH63647 • \$17.14 inc gst

Low Hydrogen Electrodes

from \$55.00

- Excellent strength and toughness properties down to -40°C
- Good weldability in all positions except vertical-down
- Moisture resistant double coating

\$32.00

HIGH PERFORMANCE GASKET MAKERS

THE RIGHT STUFF 1 MIN BLACK GASKET MAKER 147ML

- ▶ Makes leak-proof gaskets and return to service immediately
- ▶ Eliminates the need to wait for the gasket maker to cure - just reassemble and go!
- ▶ More reliable and longer lasting than pre-cut gaskets

PX29208 • \$51.75 inc gst

\$45.00

THE RIGHT STUFF 90 MIN BLACK GASKET MAKER 85G

- ▶ Allows equipment to return to service quickly
- ▶ Makes any size or shape gasket instantly and easily
- ▶ Protects against leaks and seepage caused by vibration

PX25228 • \$22.43 inc gst

\$19.50

TIMKEN

Quick-Flex Couplings

Durability for the Long Haul

When your equipment operates in harsh environments, you need coupling products you can count on. Quick-Flex elastomeric couplings are designed to withstand those harsh conditions, yet require minimal maintenance. They're easy-to-install and require no lubrication. With a lifespan that can match that of your equipment, Quick-Flex couplings can keep your overall cost of ownership competitively low.

Efficiency

Quick-Flex couplings, with their versatile design, provide a solution to a wide variety of coupling applications. Plus, you won't need large inventories of spare parts – the only replacement part needed is the insert itself and it can be replaced in a matter of minutes without removing the hubs.

Durability

There's no metal-to-metal contact with Quick-Flex couplings, so you'll save money by avoiding damage to hubs or other metal components. For harsh environments, including wash-downs for food processing, we offer a stainless-steel version of each coupling.

More Uptime

Your hubs and metal components can remain intact when you use Quick-Flex couplings. Our design helps eliminate interference between coupling hubs that can damage your equipment. As needed, you can replace the urethane insert quickly and easily.

Innovative Design

Our couplings withstand up to 2° of misalignment, as well as dampening vibration and shock loads in your equipment.

Reduced Inventory

The versatility of the Quick-Flex design promotes standardisation across your plant, reducing the need to stock multiple coupling styles and configurations.

APPLICATIONS

- ▶ **Motor to gearbox** (low torque/high speed)
- ▶ **Gearbox to driven equipment** (high torque/low speed)
- ▶ **Motors to pumps**
- ▶ **Any drive shaft to a driven shaft**

Standard coupling with red insert and high-speed cover.

Standard coupling with blue insert and high-speed split cover.

Standard coupling with high-performance aluminium cover.

Hubs

Jaw-in-shear design.
Fully machined and balanced.

Red Insert (Standard)

Relatively soft urethane compound, 48D durometer.

Temperature range of -50°C to 100°C.

Suited for a wide range of applications.

Blue Insert (High Torque)

Relatively stiff urethane compound, 60D durometer.

Temperature range of -50°C to 100°C.

Good option when replacing grid, gear and chain couplings.

Black Insert (Highest Torque)

Suited for very high torque applications, 68D durometer.

Temperature range of -50°C to 100°C.

Used with split covers in heavy duty applications.

White Insert (High Temp)

Heat-resistant urethane with a 60D durometer.

Temperature range of -50°C to 177°C.

Standard Cover

High-speed cover, suitable for a wide range of applications. Used with red, blue and white inserts.

**Alternative Covers

- ▶ High-performance aluminium cover
- ▶ Low-speed split cover

High-Speed Split Cover

High-speed vertically split cover. Used for high speed and torque applications.

KEY FEATURES

- ▶ Solid and split covers are designed to accommodate higher speeds and increased torque
- ▶ Inherently balanced with precision machining for high-speed applications
- ▶ Design dampens torsional vibration and shock to help extend life of the coupling and surrounding components
- ▶ Quick-Flex inserts help reduce downtime and replacement costs because inserts can be replaced without moving or disassembling the driving or driven equipment

SOLUTIONS FOR YOUR NEEDS

Whatever your application demands, you'll find a wide range of Quick-Flex couplings designed to suit your needs. Choose from multiple insert and cover configurations that withstand some of the most extreme environments.

- ▶ Twelve sizes with bores ranging from 9.4mm to 285mm
- ▶ Designed for continuous torque levels from 43Nm to 188,800Nm
- ▶ Designed for peak torque levels from 85Nm to 377,500Nm
- ▶ Couplings accept shaft misalignment, up to 2°
- ▶ Split cover options help resist axial separating force under high torque
- ▶ Standard and double-ended spacer couplings available for shaft separations of 25.4mm to 3,048mm, for increased application acceptance
- ▶ Four bore options available to meet customers' needs:
 - 1) Bored, keyed and set screws style – clearance and interference fit
 - 2) Bushing style
 - 3) Splined style
 - 4) Mill motor style
- ▶ Four insert choices for varying torque needs and temperature ranges up to 177°C

TIMKEN® Spherical Roller Bearing Solid-Block Housed Units

When the going gets tough the **TOUGH get going** and they don't come any tougher than the Timken® BLUE BRUTE Solid Block Housed Units. The first choice for agriculture, timber, mining, construction and other demanding applications. Cast steel housings with high-performance Timken spherical roller bearings deliver outstanding durability in extreme conditions, withstanding severe shock loads and vibration.

- ▶ **Solid One Piece Cast Steel Housing**
Maximum strength. Takes the knocks and protects the bearing
- ▶ **Double Row Spherical Roller Bearing**
High load, self-aligning with choice of shaft mounting options
- ▶ **Interchangeable With Split SN Series Housings**
New and retrofit applications
- ▶ **Fast, Easy and Safe Installation Ensuring Successful Operation**
Unit remains sealed during installation – no contamination
- ▶ **Best Sealing Systems Ensure Maximum Bearing Protection**
Triple seals on bearing plus closed and sealed open cover options
- ▶ **Wide Range Now In Stock**

TIMKEN® SNT PLUMMER BLOCK HOUSING KITS

One part number for a complete metric shaft kit.

Making selection, ordering, stocking and fitting so easy.

Standard kit comes with SNT housing, 222 series spherical roller bearing, metric shaft adapter sleeve, TSNG double lip shaft seals and two spacer rings.

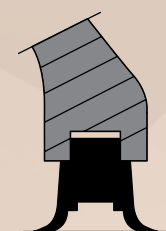

ONE KIT - ONE BRAND - GUARANTEED PERFORMANCE & RELIABILITY

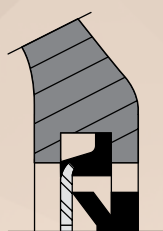

SUPERIOR TIMKEN® SNT PACKAGE

- ▶ Split cast housing. High strength and precision providing maximum support to the bearing
- ▶ Centre markings on housing base for easy setup and alignment
- ▶ Multiple locations for grease entry, grease draining, temperature and vibration sensor attachment
- ▶ Highest quality and performance spherical roller bearings
- ▶ Multiple sealing options to meet the demands of all applications. TSNG type included in kit
- ▶ Interchangeable with SNA/SNG/SNH/SNL/SNN/SNU/SNV

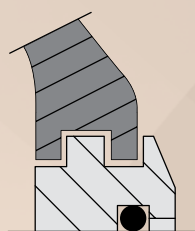

SEALING OPTIONS

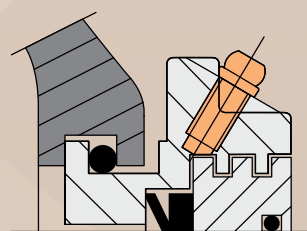

DOUBLE-LIP (TSNG)

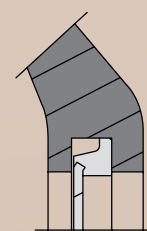

V-RING (VR)

LABYRINTH (LO)

TACONITE (TA)

END COVERS (EC)

- TSNG** General purpose double lip seal included in Kit. Other options shown can be purchased separately.
- VR** V-ring similar performance to TSNG but ideal when shaft surface condition not good enough for TSNG.
- LO** Labyrinth non-contacting seal for higher speed applications such as fans.
- TA** Taconite seal system for max protection in harsh environments. Contact seal and labyrinth with grease purge.

1,800W 355mm Metal Cold Cut Saw

\$1,187.00

- Low speed, high torque motor
- High precision, durable, steel construction
- Cast aluminium base
- Quick release clamp allows cuts 0° to 45°
- Smooth bevel and angle cutting adjustments
- Double safety trigger start
- Includes 14" TCT metal cutting blade

BONUS 2m Folding Rule

72905361120 • \$1,365.05 inc gst

Impact Step Tip Drill and Bit Set 19pc

\$255.00

- No pilot drilling required
- 3-12mm drill bits and five driver bits
- 1/4" hex shank for use with impact drivers, quick change adaptors and bit holders
- Superior performance and increased tool life when drilling stainless steel and high tensile steel

BORDO INDUSTRIAL TOOLS

2012-S1 • \$293.25 inc gst

Lever Action Grease Gun 450g

\$92.50

- Develops grease pressures of up to 12,000psi
- Delivers up to 1.6g of grease per stroke
- Coarse thread on barrel eliminates the chance of cross threading
- Twin Lock System seals the piston and eliminates the possibility of dummy lubrication

AL600A • \$106.38 inc gst

EL Series 18V Li-Ion Grease Gun 450g

\$479.00

- Dispenses grease from up to 12x 450g cartridges
- Capable of delivering up to 80g/min
- 25min continuous working time

ALG10040 • \$550.85 inc gst

EL Series Air Hose Reel 10mm x 20m

\$294.00

- Heavy-duty PVC hose with 0.9m lead in hose
- Increased safety by reducing rewind speed by up to 80%
- 3/8BSP inlet and outlet threads
- Highflow swivel and fluid path
- Working pressure of up to 300psi (20bar)

ALHR40030 • \$338.10 inc gst

Rotary Action Drum Pump 205L

\$161.00

- Suitable for the transfer of diesel, petrol, kerosene, lube oil and machine oil from 60L and 205L drums and bulk tanks
- 2" BSP bung adaptor
- Delivery rates of up to 18L/min

AL501A • \$185.15 inc gst

Gear Oil Drum Pump 20L

\$61.00

- Capable of delivering up to 110ml per stroke
- Suitable for use with a variety of 20L drums
- Ideal pump for the transfer of engine, gear, diff and hydraulic oils
- Drainback nozzle holster ensures that excess oil ends up back in the drum
- UV stabilised long life hose for a long service life

AL8828 • \$70.15 inc gst

EL Series Water Hose Reel 12mm x 20m

\$289.00

- Increased safety by reducing rewind speed by up to 80%
- High quality impact and UV resistant polypropylene covers
- Premium PVC hose with 1.2m lead in hose
- 3/4BSP inlet and outlet threads
- Highflow swivel and fluid path
- Maximum working pressure of 300psi (20bar)

ALHR40050 • \$332.35 inc gst

Brake Cleaner Sprayer 1L

\$61.00

- Safety valve at 36psi (2.5bar) with depressurisation option
- Easy tool-free maintenance
- Strong translucent bottle with level indicator
- Large filling opening
- Not suitable for use with acids

AL6603A • \$70.15 inc gst

Diesel Storage and Dispensing Kit 200L

\$1,395.00

- Lockable lid aids fuel and dispensing kit security
- Kit consists of a 12V pump, antistatic fuel delivery hose, 2m battery cables and auto shut off nozzle
- Delivery rates of up to 50L/min
- Suitable for storing and dispensing diesel fuel only

15 YEAR WARRANTY
Applies to Australian made tanks

2 YEAR WARRANTY
Applies to Plusi pump kits

Tow Bar Hitch Vice 150mm

\$359.00

ITM
INDUSTRIAL PRODUCTS

- Quickly and easily mounts to any 50mm tow hitch or bolt to your workbench
- Extra heavy-duty hardened steel jaws open to 120mm with integrated pipe jaws and anvil
- Weight: 12.74kg

TM113-150 • \$412.85 inc gst

Tap and Die Set 115pc

\$299.00

PROEquip
Professional Equipment

- Manufactured from tungsten alloy steel, suitable for cleaning and cutting threads in mild steel and aluminium
- Covers UNF, UNC and metric threads from 4G-3/4" and M2-M18 with BSPT and NPT
- Includes 48x intermediate taps and button dies, 5x jobber drills and screw extractors, screw pitch gauges, tap and die holders plus a screwdriver and centre punch

PE7029 • \$343.85 inc gst

Weldmatic 500 Multi-Process Welder

\$5,399.00

WIA

- Powerful and robust multi-process machine built to perform for professional fabrication applications
- 500A three phase MIG, Stick and TIG welder
- 500A at 39V 60% duty cycle
- IP21S safety rating and VRD
- 105kg (power source, wire feeder and accessories)
- Four roll drive wire feeder, 10m interconnecting lead kit and trolley with drawer
- Welds 12mm+ steel, stainless steel or aluminium
- Suits gas-shielded and gasless flux-cored wires

CP145-1 • \$6,208.85 inc gst

Weldmatic 250 Multi-Process Welder

\$2,050.00

WIA

- 250A single phase MIG, Stick and TIG welder
- 250A at 26.5V 20% duty cycle
- IP21S safety rating and VRD
- 37kg – comes with two handles for a two person lift
- Integrated wire feeder – suits 5kg and 15kg spools
- Welds up to 10mm steel, stainless steel or aluminium
- Suits gas-shielded and gasless flux-cored wires

CP143-1 • \$2,357.50 inc gst

Weldarc® 200DC TIG and Stick Welder

\$1,499.00

WIA

- 200A single phase Stick and TIG welder
- 200A at 18V 30% duty cycle
- IP23S safety rating and VRD
- Super portable at just 12kg
- Pulse TIG and HF start
- Built-in thermal protection and Fan-on-Demand™
- Arc force and hot start

MC113-0 • \$1,723.85 inc gst

Vortex HDV PAPR System

\$2,269.00

Miller

- Six air distribution points and three air speeds for maximum cooling
- Lightweight blower unit design 1,362g
- Audible and vibrating low battery alarms notify users in noisy environments
- LCD display shows fan speed, filter time, battery level and current time
- Features High Definition View (HDV), ClearLight™ 2.0 Lens, InfoTrack 2.0 and X-Mode Technology
- 2x lightweight Li-Ion batteries, one for usage and one for charging
